Capabilities Statement

Guy Rents Inc. dba Rental Guys is a family-owned company that was established in 1959. We carry a wide range of products, specializing in aerial, small earthmoving equipment, generators, and material handling equipment. We are a dealer for most products we sell, as well as stocking a large inventory of construction supply products.

Rental Guys provides high quality equipment available for rent or purchase. Utilizing our broad manufacture network we are able to provide a large range of machines with a large variety or options and configurations. We offer delivery services, field repair services as well as brick and mortar locations for pick up and drop off options. We pride ourselves on high quality solutions with a level of care and urgency no other company can provide.

Providing Solutions Building Our Communities

Core Competencies

- Aerial Equipment
- Compact Equipment
- Compaction Equipment
- Tractors and Dirt Moving Equipment
- Forklift and Material Handling

Differentiators

We have locations covering from Sacramento to the Oregon Boarder as well as two in Northern Nevada. We have 125 employees with over 500 years of experience in the rental industry. We have three locations within 30 minutes of Beale Air Force Base. We have two locations within an hour of the Sierra Army Depot base in Herlong. We have telematics on all of our machines to manage service intervals and fault codes on long term rentals to ensure our customers experience minimal downtime as possible.
